

PERSONA: Ron Swanson

USER STORY/SCENARIO:

Ron Swanson almost misses an assignment

Ron Thinks he Finished all of his Homework.

Ron goes out with one of his friends whom shares most of his classes with.

She reminds Ron of other assignments that are due tomorrow.

Ron quickly hurries up to the house to find these assignments.

Ron discovers that the assignments were posted on the DropBox app, and not Black board.

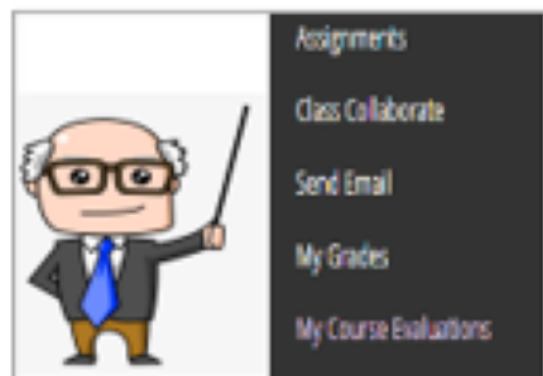

Ron Spent all night trying to complete the assignment instead of hanging out with friends.

PERSONA: Professor Smitons

USER STORY/SCENARIO: Grading Assignments

Time to grade some assignments in blackboard

Attend a career center event

You are required to attend 1 career center event
<https://sc.joinhandshake.com/login>

Any event will do.

Please take a picture, or screenshot of the event.
This must be completed prior to Thanksgiving.

professor smitons goes to grade an assignment

me guy in red shirt on left.

he goes to grade a student's assignment and it did not automatically grade it

he then goes to press the home button thinking he made a mistake

after pressing the home button, the new student app has lots of different selections and the professor is now lost

he then calls over his ta and has the ta grade the assignment
